EDUCATION

Western Governors University
— *B.S. in Software Engineering*
(2024 — 2026)

Millcreek, Utah
Remote

University of Texas Rio Grande Valley
— *B.S. in Psychology*
(2018 — 2022)

Edinburg, Texas

OBJECTIVE

Aspiring Software Engineer with a strong foundation in Python, SQL, and front-end development (HTML-CSS-JS-TS) with a future language focus of Java. Leveraging a Summa Cum Laude degree in Psychology and hands-on research experience, I bring analytical thinking, collaboration, and problem-solving skills to contribute to dynamic development teams. Actively seeking Fall+ 2025 remote internships to apply and grow my technical skills in real-world projects.

PROJECTS

SQL
- 22 projects completed from Data Management Foundations, Data Management Applications, & Advanced Data Management.

Python
- 45 projects completed from Introduction to Programming in Python & Data Structures and Algorithms I.

HTML/CSS/JS/TS
- 50 projects completed from Web Dev Foundations, Front-End Web Dev, & JS Programming.

UI/UX Design
- 2 projects completed from User Interface Design & User Experience Design

EXPERIENCE

Finance Manager
Law Office of Rubio O. Salinas Jr.
Edinburg, Texas   March 2017 — August 2021
- Facilitated seamless communication between attorneys and clients, ensuring confidentiality and professionalism.
- Oversaw inventory management and procurement for office supplies.
- Regularly utilized Microsoft Office tools for financial reporting and administrative tasks.
- Managed financial operations using Intuit QuickBooks, including client invoicing, record-keeping, and quality assurance.
- Created standard operating procedures that improved payment collection efficiency and reduced overdue invoices.

Undergraduate Research Assistant
University of Texas Rio Grande Valley
Edinburg, Texas   February 2020 — August 2020
- Conducted structured interviews and data collection, maintaining strict adherence to research protocols.
- Collected and analyzed biometric data (heart rate, respiration, transepidermal water loss) from 20+ research subjects to ensure data integrity.
- Supported lab operations through equipment maintenance, disinfection, and inventory management, reducing supply costs.

President of Club Badminton
Club Badminton
Edinburg, Texas   January 2019 — January 2020
- Led the UTRGV Badminton Club, increasing member engagement through campus outreach and event planning.
- Coordinated team activities, delegated responsibilities, and provided mentorship to club officers.
- Promoted collaboration and inclusion, fostering a supportive community for new and experienced players.
